# Use case sample
MyDESTINATION App

FRAMEWORK and CORE ACTIONS

In additon to the collection of drawings,
a unique set of new records will be available regarding:

Country drawn in
Location record

Subject Matter
Phsycological record
(Experienced lived in connection to
the stage of the emigration journey)

Gender

Story

Age

Home

Transit

Future Destination

Camp life

DrawMyLife API
Field workers are
working closely to these
children. The process is very
personal and focused on the
individual child's experience.

DrawMyLife
### in partnership with
Destination Unknown Campaign

will provide the unique set of data to showcase
drawings made by children who are facing
challenges on the move. Additional data
such as mood rate, context of the child
as well as story of the drawings will help
to araise awareness and advocacy to improve
children safety in the move.

NGOs

NGOs those in support of Destination
Unknown Campaign

will be able to appreciate how these children feel, throught
their own drawings, during different stages of their journey
in search of a better future.

Use case sample
WE BELIEVE IN YOUTH

FRAMEWORK and
CORE ACTIONS 4 & 7
We partner with refugee youth campaigns (art and recreational therapy) to collect drawings and attach data
